Proposal for Consulting Services

Karang Sambung

Multi-Purpose Project

January 1976

NIPPON KOEI CO., LTD.

TOKYO , JAPAN

NIPPON KOGI CO., LTD.

TOKYO, JAPAN

Our staff to be assigned for this project have been screened in order to cope with the project work requirements in the light of their specialities and experience in engagement in similar works. Each staff has a long experience in the works for the development of river basin, dam, power, irrigation, drainage, agriculture, etc., in Indonesia.

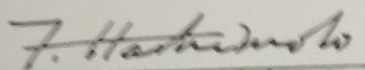

In view of the importance of transfer of knowledge, technical know-how and management method relating to this type of job to the maximum extent to Indonesian counterpart staff, we will perform almost all the services at the job site in close cooperation with them. In addition in view of the smooth and speedy operation of the project, our Jakarta office will play an important role for liaison among Tokyo-Jakarta-Job site.

As regards your kind advice mentioned in your additional information No. Dirjen 5/30/10 dated December 15, 1975, we fully agree that the consulting services for the stage II works are subject to the direction of your Government and the Bank after review of the findings and results of the feasibility study made in the stage I.

Through our long participation in numbers of development projects in Indonesia, we are well familiarized with people and local conditions of the country. We have got acquainted with whole picture and every aspect of the subject project. In this connection, we are confident that we are qualified and capable for undertaking the services required.

We hope that this proposal will be acceptable to you and we shall be given an opportunity to work with you for a successful performance of the project.

Yours sincerely,

Dr. T. Hashimoto
President
